

VERSION 6.X VISIONREZ PLUG IN INSTALLATION DOCUMENTATION

VisionREZ Plug In V6.x is compatible with the following:

- AutoCAD Architecture 2009 and AutoCAD Architecture 2008
 - AutoCAD MEP 2009 and AutoCAD MEP 2008

Step 1:

If this is your first clean install of VisionREZ go directly to [Step 3: VisionREZ Installation](#)

1. **Uninstall any prior version of VisionREZ Plug In**
2. If installed, uninstall VREZAudit
3. From the Windows Desktop, click: Start > Control Panel
4. In Control Panel, double-click: Add or Remove Programs
5. In the list of currently installed programs, click: Ameri-CAD VisionREZ Plug In XX
6. Click: Remove
7. Click: Yes at the next prompt

***NOTE:** If you have Version 4.x or older you will need to backup any customization files. Please see the [VisionREZ Customization Guide](#) for these instructions*

Step 2:

1. **Uninstall any prior version of the VisionREZ License Manger**
2. From the Windows Desktop, click: Start > Control Panel
3. In Control Panel, double-click: Add or Remove Programs
4. In the list of currently installed programs, click Ameri-CAD License Manager XX
5. Click: Remove
6. Click: Yes at the next prompt.
7. NOTE: this applies to older versions of the Ameri-CAD License Manager 1.x / 2.x / 3.x / 4.x / 5.x

Step 3:

IMPORTANT: *Must first have AutoCAD Architecture 2009 or 2008 / AutoCAD MEP 2009 or 2008 installed on the system that you will install VisionREZ*

1. Make sure you have Administrative Rights
2. Download VisionREZ Plug In from our website or insert the VisionREZ Plug In V6.x DVD into your DVD drive
3. Follow the on-screen Instructions to install VisionREZ V6.x and License Manager 6.x
4. **You must use the VisionREZ icon to start the software the first time it is run**

Step 4:

1. Proceed to Page 2 for instructions on installing / updating your Bill of Materials (BOM) data

VisionREZ 5.x Important Upgrade Steps for Bill of Materials (BOM)

You must complete the following steps after the installation of VisionREZ Plug In V6.x to upgrade your BOM product assignments. This update is a manual process to assure that the upgrade is successful. If you receive any error messages during this process, your database will not be changed and you will need to **“Log a Case”** through the online support site for assistance.

- | | |
|----|--|
| 1. | Start the BOM program by double-clicking on the BOM icon |
| 2. | Choose the <u>“Database”</u> link |
| 3. | Enter the username and password. Default admin username / password: vrezbom42 |
